

## SPECIFICATION AMENDMENT

(Appln. No. 09/352,192-Amendment D)

Please amend the specification, as follows:

**Pages 6-7, Original Paragraphs 6A-6D of Brief Description of the Drawing:**

Fig. 6A is a schematic illustration of the operation of the card package production system when using carriers of the type shown in Fig. 3A;

Fig. 6B is an illustration similar to that of Fig. 6B<sup>6A</sup>  
showing the operation when a carrier has been incorrectly  
prepared or does not match a card and is pushed to a reject  
location;

Fig. 6B<sub>C</sub> is a perspective view of the preferred embodiment of the inserter module folder, form rotation and form rejection units of Fig. 4 used for the carrier of Fig. 3A and corresponding to the embodiment illustrated in Fig. 6A;

Fig. 6B<sub>D</sub> is an enlarged perspective view of the preferred embodiment of the portion of the inserter of Fig. 6B which bends the carrier to open the ears of the corner pockets for receipt of a card;

Fig. 6B<sub>E</sub> is a partial perspective view showing how the flap of the carrier of Fig. 3A is bent to engage with the edge of the card during movement of corner pockets away from the inserter;
